Bekum America Bolsters Northeast Presence with Appointment of Dan DiClemente as Independent Sales Representative

WILLIAMSTON, MI – Bekum America, a global leader in blow molding technology, is pleased to announce that Dan DiClemente has joined the company as an independent sales representative. In this role, DiClemente will focus on expanding Bekum's market reach and supporting customers across the Northeast United States.

"Dan's extensive background in both the technical and sales aspects of blow molding makes him a valuable asset to our team," said Steven London, President and COO of Bekum America. "His deep roots in the Northeast and his commitment to quality equipment align perfectly with our mission to provide first-class solutions and support to our customers in that region."

DiClemente brings over 15 years of deep technical and commercial expertise in the blow molding industry. A graduate of Stevens Institute of Technology with a Bachelor of Engineering in Mechanical Engineering, his career spans critical functions including aftersales support, molds, and tooling for extrusion blow molding (EBM) equipment. He is the founder of Highland Industrial Equipment, an agency dedicated to representing high-quality machinery for the plastics industry.

"It is an honor to join the Bekum America sales team," said Dan DiClemente. "Bekum's equipment is second to none, and the people behind it are truly first-class. I'm incredibly excited to grow with the team and promote their blow molding solutions across the Northeast."

By partnering with DiClemente, Bekum America reinforces its commitment to providing the Northeast region with expert localized support and industry-leading blow molding innovations.

BEKUM America was established in 1979 with the mission to introduce top quality blow molding machinery, designed to produce plastic bottles, containers, and other large plastic parts in the North American marketplace, via blending German design and technology with American skill and ingenuity. Bekum's customer base includes large multi-national customers, as well as owner/operator plastic bottle manufacturers.
